

MONEY SKILLS

Financial Literacy Program

This program is designed to help participants increase their knowledge and confidence in the tasks of daily money management.

In this 2 Session program you will learn about:

BUDGETING: Track your earning and spending and be in control of your money

BANKING: Choose the options that are right for you, reduce fees and save money

CREDIT: Build and maintain a good credit history and deal with debt

CONSUMERISM: Examine the role of advertising in our spending choices and how to be in charge of your own spending
